

Welcome

The nights may be drawing in, but we are heartened to look back on the many happy memories we have made despite the ongoing restrictions and challenging circumstances presented by Covid-19.

The wellbeing and safety of our residents, their loved ones and our team members remains our number one priority. We have therefore loved to safely resume excursions and to welcome loved ones back to the home.

We're thrilled that in line with most recent guidance, up to four people from no more than two households will now be able to visit together, with a maximum of four such visits per week.

Your happy smiles and laughter have continued to brighten even the darkest days of the last 18 months, and we are looking forward to making more happy memories together.

As always, please keep safe and please do not hesitate to get in touch should you have any questions about visiting guidance.

Aloha Hawaii!

Phyllis Bolton

The pandemic is unfortunately still making travelling and holidaying difficult, so to make the most of the summer season we brought a touch of Hawaii to Bangor!

With traditional flower garlands, grass skirts, dancing and ukulele music, we were all briefly transported to a tropical paradise.

We're off to Pickie

Whilst the recent weather has been slightly unpredictable we have still managed to complete a number of excursions for some fresh air and a bit of exercise.

Bangor Marina is a favourite amongst our residents who enjoy people-watching and of course marvelling at the beautiful boats.

Trick or Treat....

Just treats here!

Our residents have been very busy preparing some spooky decorations to prepare the home ahead of our Hallowe'en Party at the end of the month.

Birthday Corner

We had a great time in September celebrating the birthdays of a number of our residents. Plenty of cake and celebrations were enjoyed.
